## NINE APPLICANTS

## TAKE EXAMINATIONS

There were nine applicants in the special treasury examination held Friday and Saturday in this city. Six of these took the examination at the Amarillo Bank & Trust Co. and three at the First National Bank.

Miss Margaret Patterson took the examination for a clerk with her mother, Mrs. H. G. Brown, at that bank. She will also visit at points in that city as she goes.

Mrs. W. P. Gentry and two children of Oklahoma City are guests at the home of Mr. and Mrs. J. M. Patterson.

DODGE BROTHERS  
MOTOR CAR

Every standard of accuracy or excellence which enters into the construction of the car is established by the two owners of this business.

The manufacture of every part must conform to gauges and measurements determined by them. They fix the formulas followed in melting, shaping and forging the steel, iron and brass. From the handling of the raw metals to the final assembly every department in the organization is directly responsible to Dodge Brothers themselves.

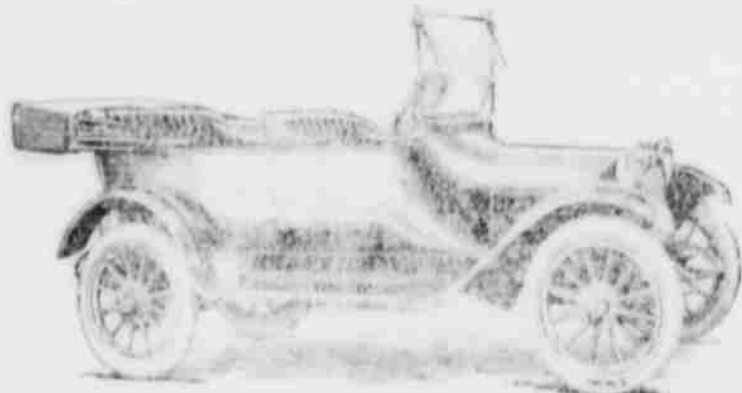

The wheelbase is 110 inches.  
The price of the car complete is \$785  
(F. O. B. Detroit)

UNIVERSITY BUREAU AN  
EXPERT CLEARING HOUSE

Special to The News.

UNIVERSITY STATION, Tex., April 3.—To serve the cities of Texas as a clearing-house for administrative experts in the various departments of the University Bureau of Municipal Research has begun, establishing all qualified applicants for administrative positions. This bureau will be furnished any city desiring to employ such experts, and there it is hoped that the right man in the right position will be found. This bureau of experts, composed of experts in various departments of the University of Texas, is the result of the selection of the men who are to administer the state government, and their selection is the result of the selection of the men who are to administer the state government. The bureau is now in the process of selecting the men who are to administer the state government.

DR. PATTON VERY LOW  
EARLY THIS MORNING

Several Hours Sleep Yesterday. Forecast—Clear. Little Change Last Night.

At 2:45 this morning Dr. Patton was still very low and had not made the improvement during the night that had been hoped for.

His sleep most of the time yesterday being 2 o'clock in the afternoon, all night in the evening and this fact was given cause for his optimistic outlook.

From 3 p. m. to 10 p. m. this morning he was delirious, but at times he would recognize those at his bedside.

The physicians announced yesterday that his lungs had been cleared up, but there were other serious complications. As our last report he had been very low, for thirty-six hours and it was thought a change would have to come before noon today.

During the afternoon his temperature dropped to 98 but during the night went back to 102.

Everything that medical skill and careful nursing can do is being done and there is hope that the morning hours will bring encouraging news.

In addition to the local physicians, Dr. Crawford, of Dallas, an intimate friend of Dr. Patton and a relative of the late Mrs. Patton, arrived in the city Friday night and will remain here indefinitely.

The local physician, who has charge of the case is being assisted by several others and not as many have been with the patient. Many have been with the patient since his condition became serious.

## PENNSYLVANIA AT CHRISTIAN CHURCH

A quartet, from the Pennsylvania College appeared at the Christian church here last evening under the auspices of the Santa Fe Reading Room. The quartet was made up of four young men and one young woman. They sang several songs and the audience was much interested.

## HERE FROM TENNESSEE AT SISTER'S RESIDE

Dr. H. H. Farris, of Manchester, Tenn., arrived in the city on Friday and has been at the bedside of his son, Miss Farris, since that time. Miss Farris, who is an efficient teacher in the Amarillo High School, underwent an operation for appendicitis on Wednesday in a local hospital and is reported to be making very satisfactory progress toward recovery.

## Intermittent Rifle Fire.

At Amarillo, Tex., April 3.—Intermittent rifle firing from the Durango forest in Matamoros at Villa outposts continued. Gen. Fox and other army officers witnessed a part of the firing. Five hundred Villa troops are reported to be in the front from Canazas.

## London Raises Gas Rate.

Special to The News.  
(LONDON, April 3.—London gas companies have announced to their customers an increase of eight cents per 1,000 feet in the price of gas, due to the increased cost of coal. The price which was raised four cents a thousand at the beginning of the war, will now reach 75 cents a thousand in the metropolitan district.

Expert Dies  
in Philadelphia

P. W. Taylor, architect of the modern scientific management movement died in his home in Philadelphia recently from pneumonia. He was fifty-nine years old, and a former president of the American Society of Mechanical Engineers. Among his numerous inventions and discoveries was the Taylor White process of treating modern high-speed tools. He was the author of articles on scientific management, and his system is used in many large industrial establishments.

Quite a number of judges, lawyers and politicians held a conference in Hale Center Saturday.

## FLAMES CENSORSHIP FOR LABOR TROUBLES

Special to The News.

(LONDON, April 3.—Your press censorship is responsible for most of this trouble you are having with the labor union," declared J. H. Thomas, member of Parliament and head of the National Union of Italian workers in the government representative gathered to discuss the labor situation in London. Explain the labor union is later to a new meeting of labor congressmen in London.

The labor press censorship, you say, is responsible for the trouble you are having with the labor union. Explain the labor union is later to a new meeting of labor congressmen in London.

## WIRELESS STATIONS ALONG GREAT LAKES

Special to The News.

(CHICAGO, Ill., April 3.—Wireless stations will be established in Milwaukee, Chicago, Detroit, Buffalo and other important points on the Great Lakes by a company formed by the American Radio Navigation Company, which has been organized in the United States.

## BE PRETTY! TURN GREY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE LECHE OF SAGE TEA AND SULPHUR.

Almost everyone knows that Sage can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked with gray, also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 10 cents.

## OUR COAST DEFENSE

In these modern days of heavy armament and scientific war equipment, much thought has been given to our coast defense. The question of the preparedness is one that concerns all patriotic Americans for it is always the unexpected attack that causes consternation.

This is also true in matters pertaining to health. That great enemy of health—Stomach trouble—may spring an unexpected attack at any time and it is well to be prepared by always keeping a bottle of Hostetter's Stomach Bitters in the house. It is your bulwark in time of distress.

Be on guard at all times, and as soon as you notice the appetite failing, digestion becoming impaired, the liver inactive and the bowels refuse to perform their daily functions, promptly take the Bitters. Prompt action, together with the aid of this medicine, has been the means of preventing much suffering from indigestion, nervousness, poor appetite, indigestion, constipation and biliousness.

Don't trifle with your health, but rather help Nature when weakness is manifested. Hostetter's Stomach Bitters is Nature's ally and those together form a combination that is sure to result in your welfare. Try it today, but be sure you get the Bitters.

## HOUSTON LUMBER COMPANY RE-OPENS YARD AT SLATON

SLATON, Tex., April 3.—The Houston Lumber Company, with general offices at Wichita, Kansas, has reopened its yard here and will be ready for business within a few days. This company formerly operated here but when business conditions became depressed, it suspended operations, and the return of prosperity to the Slaton country has justified the company in starting business on a larger basis than ever. The new yard has been built on the old business lot, and the new building is now under construction. The company is now in the process of building a new building on the old business lot, and the new building is now under construction. The company is now in the process of building a new building on the old business lot, and the new building is now under construction.

## STATEMENTS THAT BRING THE MONEY QUICK

A machine-made statement is a good collector; it brings the money in quick because it goes out quick—on the first, or the afternoon of the 31st. Then, it isn't held up to have the total verified. "Made on a Burroughs" is a passport that gets immediate approval of the Custodian of the check book, because he knows that statement is accurate.

But quicker collections is only one advantage. In making out statements on a Burroughs Statement Machine, you verify all ledger balances and can take a trial balance at the same time. It takes the worry out of statement time, the mistakes out of the ledger, and trouble out of the arial balance.

And all this work can be done in half the time it takes to get out statements alone in the old way.

When your statements are on the way, the machine is ready to figure for you for the balance of the month, as it is a modern all around figuring machine plus a statement machine.

To find out how the Burroughs will help you handle your statements will cost you at the most the price of a two cent stamp.
